

Building software to transform the energy

We're building an entire organisation
and are **looking for tech talents**
who can help solve the most exciting
industrial challenges out there.

RGU Hackathon, 25th February 2023

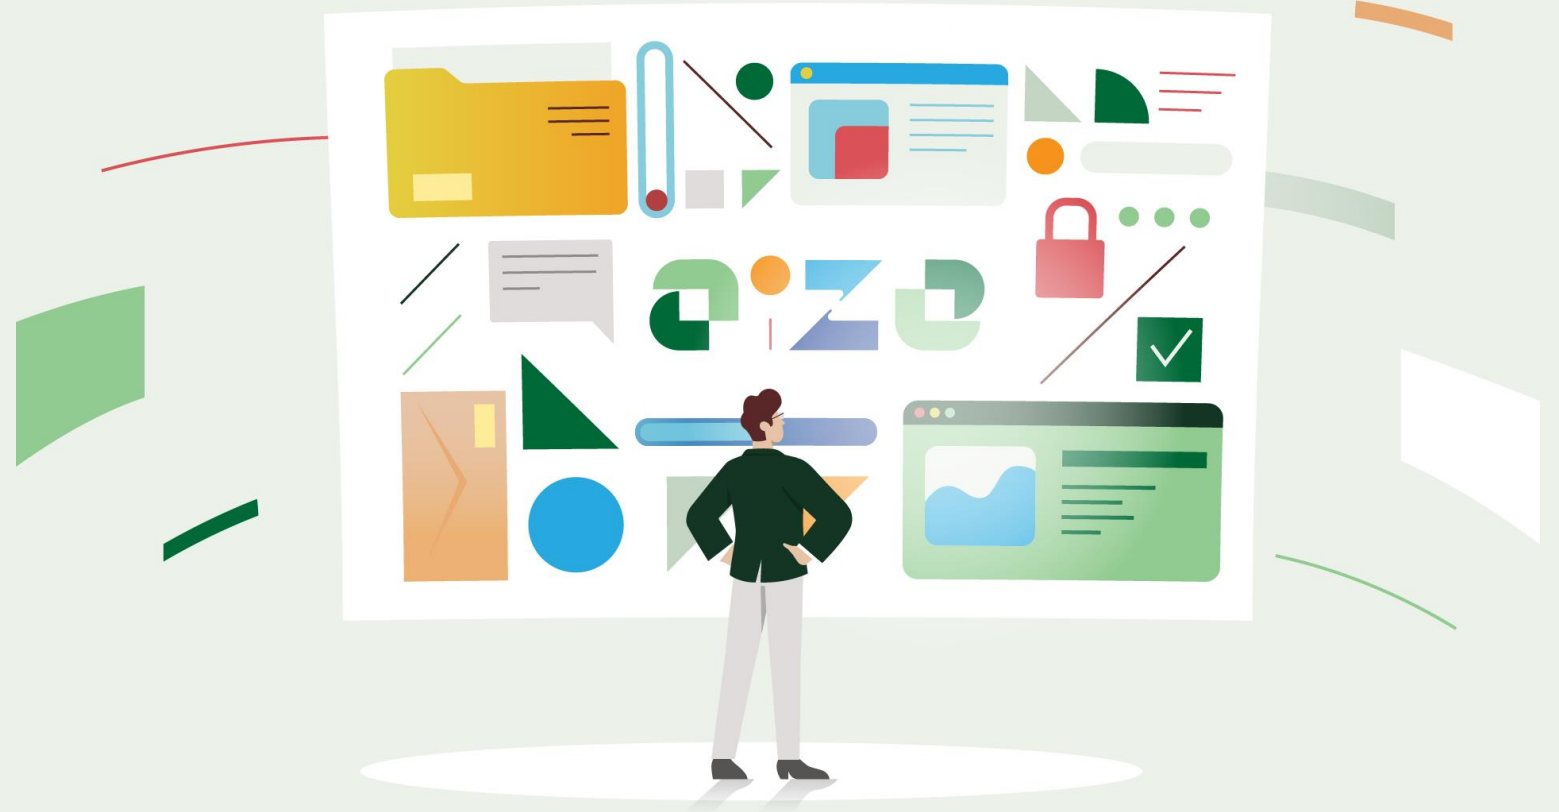

Michael Topp, Engineering Manager, Aize

So what
is Aize?

Aize is the **workspace** that allows you to **visualise**, **navigate**, **collaborate** and work on a **digital representation** of an asset.

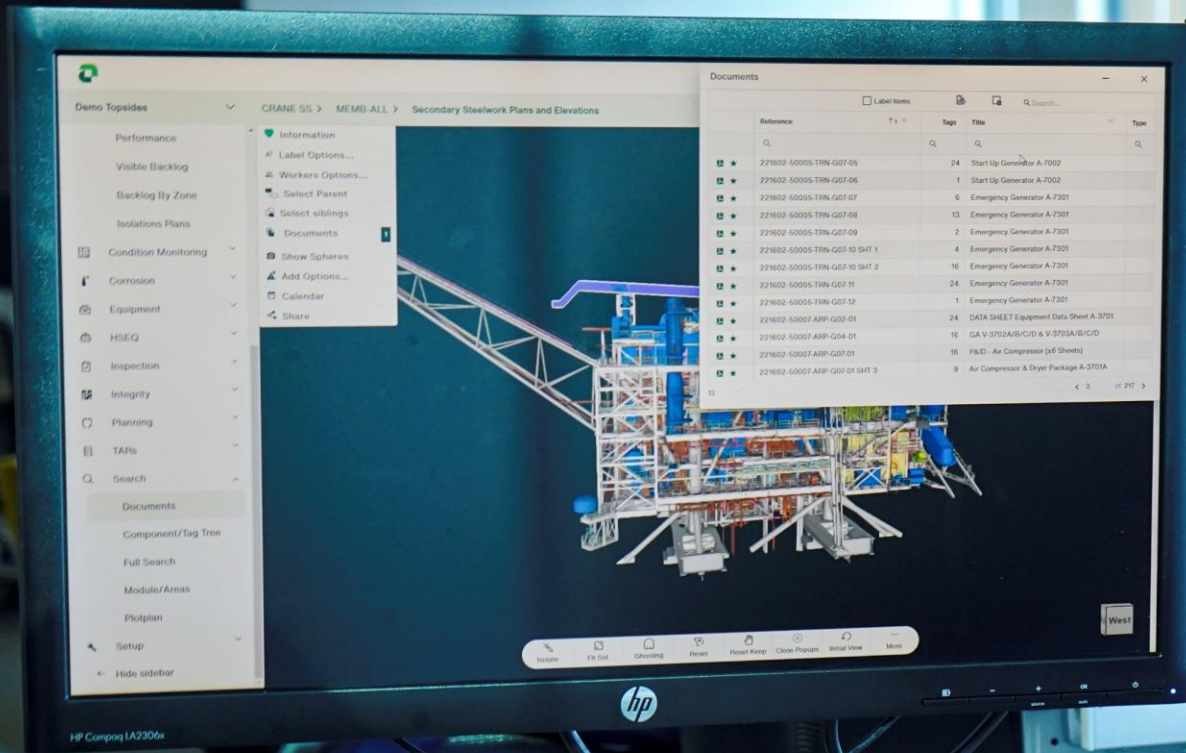

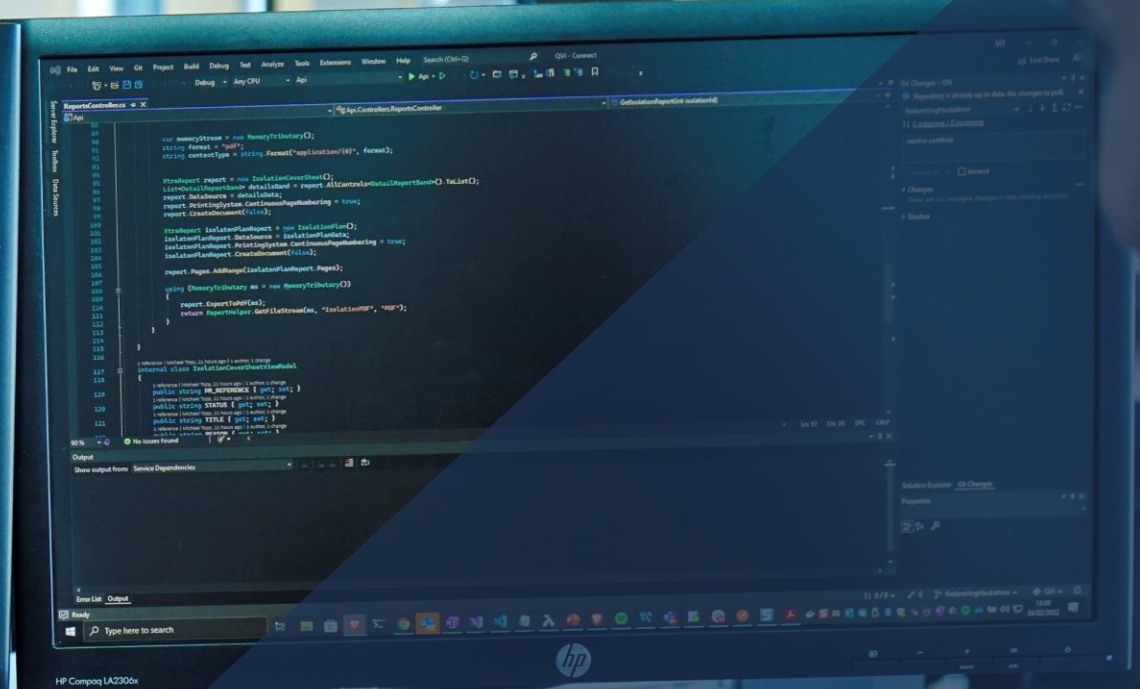

Our product vision

Reference	Tags	Title	Type
221602-50005-TRN-G07-05		24 Start Up Generator A-7002

221602-50007-APP-G07-01		16 P&ID - Air Compressor (x6 Sheets)	
221602-50007-APP-G07-01 SH1 3		9 Air Compressor & Dryer Package A-3701A	

Tour of our Aberdeen Office

Challenge

Build a Tetris game

- Any framework or language
- Ideally should be playable via the web browser
- Would be nice if there was a timer, scoring system and random shapes
- Easy user interactions (mouse or keyboard)
- Animation / graphics / sound encouraged be creative and have fun
- BONUS to add difficulty levels (speed)
